

# Air Filters Molded

FILTER TECHNOLOGY, INC.

*Your one-stop shop for air,  
liquid and gas filters  
and systems*

**FILTER TECHNOLOGY, INC.** offers a complete line of high quality industrial filters and replacement filter elements. Our filter elements are fully interchangeable with Dollinger, Consler, Air Maze, Ingersoll-Rand, Joy, Leroi, Gardner-Denver, and other original equipment manufacturers.

## Vast Inventory

Our company has a vast inventory of precision filter and separator elements required by many air, gas, and liquid applications. We provide filters for air and gas compressors, blowers, engines, turbines, nitrate furnaces, vacuum pumps, and a multitude of other equipment.

## Custom Filters

Does your company require molded end filter elements? Filter Technology, Inc. can furnish exact replacements and, if need be, design custom filters to meet your precise specifications.
